August 20, 2007

Dear Joan,

I would like to let you know that Extreme Solutions came to the rescue for Windsor. We had an urgent need for some Certified Pharmacy Technicians and you found excellent candidates.

You orchestrated getting the interviews scheduled with our people and you even accommodated a request to have a candidate return "same day" for additional interviews. Also, your candidates were well prepared for our required paperwork which speeded up the hiring process. You filled our needs quickly.

I would recommend Extreme Solutions as a highly responsive, get-the-job-done firm that gave us the best candidates and followed through on our needs.

I am looking forward to additional hires through Extreme Solutions.

Sincerely,

Beth Logan
